# OUR CAPABILITIES

## AN INTRODUCTION TO O'CONNOR COMMERCIAL REFRIGERATION

O'Connor Commercial Refrigeration (OCR) are the market leaders in the commercial refrigeration and beer systems industry in Canberra and surrounding regions.

With vast experience across numerous sectors, including government, health care, hospitality, commercial and industrial, there is no job too big or unique for the OCR team.

A full inventory of stock within the warehouse and each service vehicle ensures you and your business will receive a quick response time and minimal down time. For peace of mind, we also offer the additional service of convenient mobile coolroom and freezer room hire for time-critical situations.

OCR provides a professional and personalised service from conception and completion to future preventative maintenance requirements. The team of 15 mechanics and apprentices working in and around Canberra at any one time provides the capacity to service both installations and servicing side by side.

# WHO WE ARE

The O'Connor name has been involved in commercial refrigeration since the 1940s and today continues to uphold its reputation as a leading specialist in the industry.

Locally owned and operated, the company is experienced in the design, construction and ongoing service of commercial refrigeration and beer systems.

OCR prides itself on their professional, personalised and comprehensive service, tailoring each project to clients' specific needs through the implementation of their 3 Pillars of Value.

## MANAGEMENT TEAM

**Tim O'Connor | 0401 050 183**  
**tim@ocract.com.au**

With over 40 years of commercial refrigeration and beer systems experience, Tim has grown and developed OCR to what it is today. His attention to detail on the design and engineering elements of each system in the business is invaluable. As a qualified refrigeration mechanic, Tim understands the importance of reliability and has the know-how to identify the plant and equipment that is best suited to the clients' specifications.

**Daniel O'Connor | 0428 242 724**  
**daniel@ocract.com.au**

Daniel brings two decades of commercial refrigeration expertise to the team. As a qualified refrigeration mechanic, Daniel's main focus is managing the installation and servicing of systems. He places great emphasis on ensuring a comprehensive product and service delivery for each client, committed to service excellence.

**Aleksandar Miladinovic | 0417 416 157**  
**B Bldg&ConstMgt, UC | Builders Lic No. 201157**  
**aleksandar@ocract.com.au**

Aleksandar has over 10 years of experience in the construction industry. With a Bachelor's degree in Building and Construction Management from the University of Canberra and a Class A ACT Building License, Aleksandar has extensive project management skills, invaluable in ensuring each project is delivered seamlessly, on budget and on time.

## 3 PILLARS OF VALUE

**Reliability**

**Quality**

**Follow up**

# OCR'S CULTURE

## WHAT WE STAND FOR

OCR are a company that consistently deliver quality service with integrity. Effective communication is adopted throughout each step of the process, including follow-up after the system has been installed. OCR listen to their customers, respond to their needs and are committed to excellence in customer satisfaction.

OCR are a company of ideas, committed to innovation and growth. With a great work ethic and can-do attitude, we make working with us feel easy.
